

# *Faith & Freedom*

**WPMH 670 AM Talk Radio  
Thursday 4-5 pm**

*Faith & Freedom* live radio talk show with David Alan Carmichael debuts in Hampton Roads on July 5<sup>th</sup>, 2007. The provocative radio program is designed to incite people to consider the issues of the day in the light of a Biblical perspective.

**David's mission is to be a fisher of men** and to make them disciples of Jesus Christ. Talk radio is bait to gather men to consider their standing with the Creator of the Universe.

**Sponsors are needed** to support the costs of the radio broadcasts. The estimated AQH (Average Quarter Hour) listener is up to 5,000 people. Air-time can be paid for through commercial advertisements. Donations can provide for both air-time and other ministry costs.

**Following the radio program, there will be a Bible study open to the public**, at Restoration Church, 508 Fox Hill Road, Hampton, Virginia, at 7 pm. The initial topic is, "The Bible & American Government." The students will learn the Biblical basis for government and the Biblical roots of American government. It will challenge the students regarding their world view, and will challenge them to believe God, and submit to Jesus Christ as Lord.

**Through David's other ministries**, he founded *Educational Christian Ministries* in 1997. He provided free computer classes to meet physical needs for job skill training. During each class, he gave his students inspiring messages and Biblical counseling that led many to the Lordship of Jesus Christ. David has been providing Biblical counseling, doing legal research, and helping litigators develop strategy for religious liberty work through the American Christian Liberty Society. He authored *Faith – The Final Frontier*. It is a true-life faith thriller where the reader can share the experience of David's temptations, trials, tragedies, and ultimate triumphs. One avid reader stated, "It is the most exciting book that I have read in twenty years."

**Where the Spirit of the Lord is, there is liberty.**
